

Cottesloe Tennis Club
Pennants Player Eligibility Policy

Tennis West requires Pennants players to be eligible before they can play in pennants competition. Eligibility is described in the Tennis West document 'Tennis West League – Rules and Regulations of Competition' as follows:

3.5 Tennis West shall only accept entries from affiliated clubs or associations. Any player must be a registered member of the affiliated tennis club before they play.

Cottesloe Tennis Club's membership year runs from 1 October to the following 30 September each year. Invoices for subscription fees for the coming year are sent out at the beginning of September, and payment is due by the 1st of October.

Summer Pennants team entries typically must be submitted by mid-September, prior to the subscription invoices being due. The first matches are typically held by mid-October, after the subscription invoices have fallen due.

It is the policy of Cottesloe Tennis Club that players may be included in the team nominations prior to paying their subscription invoice, but no player may play in any pennants match until their subscription for that year has been paid, unless prior agreement of the Committee has been obtained.

Approved by Management Committee, December 2020
